Spring 2017 Murdie INTL 8200 37143 ID# 42

This was my 1st human security/human rights course, and I learned so much! The mini-camps were very helpful & I enjoyed the weekly class discussions ☺

- -one of the most well-structured grad courses I have experienced
- -introductions to datasets every week was especially awesome
- -the readings balanced different arguments well, helping to stimulate further thought

Really enjoyed this course. It was well structured and interesting.

Very good use of methods

Amanda is amazing. Always.

The class size was too large for a lot of discussion. I enjoyed the content & especially weeks on NGOs. Comps were not explained well at beginning but grading was fair.

Amanda is incredibly knowledgeable about these subjects & was <u>so</u> helpful & available. Please teach more classes!

Super well organized. Instructor chose great readings that not only spanned a wide literature, but a wide variety of methodology.

Dr. Murdie is awesome! She is inspiring, considerate and smart.
